

# THE LINDSAY RANT OR MARNEY'S BLARNEY

## *Sicilian Circle (couple facing couple round the room) - Reel*

- A1      1 - 4    All rant on the spot for 2 bars, then ladies cross left shoulder turning left and as nearly simultaneously as possible, men cross right shoulder turning right into opposite places.
- A2      1 - 4    Repeat A1 to places.
- B        1 - 4    All four Right Hand Star half way round; then turning left out of the star, dance past the next couple passing left shoulder.
- 5 - 8    Left Hand Star half way round with the next new couple; then turning right out of the star, dance past the next couple passing right shoulder.

NOTE: This should be danced throughout with a light, quiet, economical rant step. The tune should be played fast, at a real North Country rant tempo, not the soggy speed so often found elsewhere. Notice that one moves on 4 places each round of the dance.
